# NO SMELL,

THERE IS NO SMELL. THAT IS THE REASON THAT I WORRY. THE FUKUSHIMA NUCLEAR DISASTER WAS HANDED OUT A LARGE AMOUNT OF RADIOACTIVITY. RADIOACTIVITY HAS NO SMELL. SO, EVEN IN AIR, WE STOP TO WORRY ABOUT IT AT ALL. THERE IS NO SMELL! IT IS VERY SCARY.

# NO SIGHT,

THE ACCIDENT WAS RATED 7 ON THE INES SCALE, DUE TO HIGH RADIOACTIVE RELEASES OVER DAYS 4 TO 6, EVENTUALLY A TOTAL OF SOME 940 PBQ. EVEN IF THERE IS DAMAGE THAT IS COMPARABLE TO THE CHERNOBYL NUCLEAR ACCIDENT, BECAUSE THE RADIOACTIVITY IS INVISIBLE, WE DO NOT KNOW THE FEAR. FEAR IS NO SIGHT!

# AND NO LIFE.

THE JAPANESE GOVERNMENT HAS LIFTED THE EVACUATION ORDER FOR THE FIRST TOWN: NARAHARA-TOWN VERY NEAR THE FUKUSHIMA REACTORS, MORE THAN FOUR YEARS AFTER. HOWEVER, BY LOOKING AT THE METAL FENCE THAT HAS BEEN PLACED ON BOTH SIDES OF THE ROAD, YOU CAN SEE THAT THIS IS A DANGER. NO ONE LIVED HERE. FENCE HAS CONTINUED EIGHT MILES WITHOUT A GAP. THE 16 MILLION PEOPLE WERE EVACUATED, THERE IS NO LIFE!

「フクシマのあとに 沈黙することは 野蛮である」

坂本龍一

## Why

Why this movie was born?

It was a reunion of the film director friend. He had made the movie's Subjects Chernobyl nuclear accident.

The major earthquake that occurred on March 11, 2011.

On the next day, one of the furnace of the Fukushima Daiichi nuclear power plant has exploded.

One day, he sent to me a message "Do U go together to Fukushima?" by Facebook. I took a small camera to location hunting the concept of the movie, and went to Fukushima. While around Fukushima, and I thought "I want to tell everyone." Then, I edited it quickly. That is a film "FUKUSHIMA INCIDENT (2014)". Subsequently, I have produced a Part 2. I announced that as part of a short film. This is it. This is Japan's Fukushima nuclear power plant accident, which was taken in a small GoPro. They are some records for the future. That is the story why I will continue to take the movie towards the whole world.
